Importance: High

Charles:

I authorize you to expend the time and money needed to force the ARB to make a verbatim recording of their upcoming proceeding. If they will not, then please move forward to stop the hearing. This is an obscene travesty!

Regards,

Dean M.

I have already responded to this. By Florida law, the ARB is not required to provide a verbatim transcript.

Linda:

Good afternoon.

I just received my ARB hearing notice. The notice clearly states that any individual that intends to appeal any decision related to the hearing must make a verbatim record of the proceedings. The ARB does not prepare such a record.

I object immediately and vehemently.

The ARB has no choice but to make a record of this hearing. There are going to be dozens of appeals and protests. **I alone will be filing three.**

If they don't record the hearing then they might as well not hold it. They will just have to hold it again.

Sincerely,

Dean Minardi
